SERVING SOUTH SOUND SINCE 1925!

Photo from Winter storm in January 2012

Happy Holidays! The year continues to fly by! I hope you all had a wonderful Thanksgiving. As I write this, it was another very frosty morning in the 20's....Brrr! We've been busy filling up propane and heating oil tanks. If you are not on Automatic Refill, you should really consider it. There is no extra cost for this service, you always get first priority on refills, and if you have an emergency or overtime delivery, there is no extra cost! If you are on will call and need an overtime or emergency fill, there are extra fees involved. So, it is definitely worth considering!

Another thing to consider is receiving email statements and/or ACH billing. Again, there is no extra cost for this, in fact you save money. If you sign up for both email and ACH, not only are you saving paper, you always get the 5 cents per gallon discount. So it is a win-win!

We recently did a complete update of our website. If you haven't yet seen it, check it out! There is lots of great information and a cool video as well. Just go to www.acmefuel.com. If for some reason it still looks like the old site, you just need to clear the cache in your web browser.

Lastly, check out the back of this newsletter for a promotion from our partners at Capital Heating and Cooling!

That's it for this month. Have a wonderful holiday season!
